Dear Parents and Carers,

Home learning

You will be receiving a small 'pack' today from each of your child's class teachers with activities and learning opportunities that can be completed at home whilst the school is closed. This pack is designed to be used over the next two weeks to begin with and then our plan is to update you after the Easter break.

We have also created two new (developing) sections on our website: **Pupil zone and Home Learning zone.**

Pupil zone – this area will give access for children to lots of different websites including Mathletics and Reading eggs. Pupils will have been given passwords and logins for some of these websites either in the pack or in their reading record book. There will be assignments for children to complete which teachers will be monitoring.

Home Learning zone – this area will give information and ideas for parents about how to help and what to do but also copies of the activities. It will also be filled with other useful links!

We have set up **Year group emails** so you can keep in touch with your child's class teacher. We will try to check these each normal working day, but this will rely on healthy staff of course!

We also suggest that you create, with your child(ren), a 'plan' for each day so there is some structure. To help with this we have included a template!

Please also note that the current advice is not to gather in social settings so 'playdates' in big groups should not be arranged. Doing so would undermine the message and efforts of the many.

Families not currently at school can collect their 'packs' (and left over PE kits) from the main reception foyer over the next two weeks and those not picked up before Easter will be delivered to home addresses. We'll also put our **lost property box** there for you to view and take what is yours!!

Yours sincerely,
