

Long Lane Primary School

PSHE and C Policy Including SRE Policy

Date	Description
3 rd March 2016	Agreed by Curriculum Committee

Review Schedule	Two years
Next Review	March 2018

Introduction

All schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHE curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

The Government's PSHE education review of PSHE Education (March 2013) stated that the subject would remain non-statutory and that no new programmes of study would be published. The DfE specified as part of its National Curriculum guidance that 'All schools should make provision for personal, social, health and economic education (PSHE), drawing on good practice'. The review also detailed:

"PSHE remains an important and necessary part of all pupils' education. We believe that all schools should teach PSHE, drawing on good practice, and have outlined this expectation in the introduction to the new National Curriculum" (Written Ministerial Statement: Review of Personal, Social, Health and Economic education, March 2013).

This Jigsaw PSHE policy is informed by existing DfE guidance on **Sex and Relationships Education** (Sex and Relationship Education Guidance, July 2000), **SRE supplementary guidance** (Sex Education Forum/ Brook/ PSHE Association, March 2014) **preventing and tackling bullying** (Preventing and tackling bullying: Advice for head teachers, staff and governing bodies, July 2013), **Drug and Alcohol Education** (DfE and ACPO drug advice for schools: Advice for local authorities, headteachers, school staff and governing bodies, September 2012), **safeguarding** (Working Together to Safeguard Children: A guide to inter-agency working to safeguard and promote the welfare of children, March 2013) and **equality** (Equality Act 2010: Advice for school leaders, school staff, governing bodies and local authorities, revised February 2013).

LONG LANE PRIMARY SCHOOL

Personal, Social and Health Education (PSHE) and Citizenship Policy Including Sex and Relationships Education (SRE)

Aims

To provide pupils with the knowledge, understanding, attitudes, values and skills they need in order to reach their potential as individuals and within the community.

Pupils are encouraged to take part in a wide range of activities and experiences across and beyond the curriculum, contributing fully to the life of their school and communities. In doing so they learn to recognise their own worth, work well with others and become increasingly responsible for their own learning. They reflect on their experiences and understand how they are developing personally and socially, tackling many of the spiritual, moral, social and cultural issues that are part of growing up.

They learn to understand and respect our common humanity; diversity and differences so that they can go on to form the effective, fulfilling relationships that are an essential part of life and learning.

Policy Statement

Our PSHE curriculum will be delivered using the published scheme JIGSAW PSHE. Through this will support the development of the skills, attitudes, values and behaviour, regardless of race, sex or special educational needs which enable pupils to:

- Have a sense of purpose
- Value self and others
- Form relationships
- Make and act on informed decisions
- Communicate effectively
- Work with others
- Respond to challenge
- Be an active partner in their own learning
- Be active citizens within the local community
- Explore issues related to living in a democratic society
- Become healthy and fulfilled individuals

Moral and Values Framework

The Drug and Alcohol Education programme at our school reflects the school ethos and demonstrates and encourages the following values. For example:

- Respect for self
- Respect for others
- Responsibility for their own actions
- Responsibility for their family, friends, schools and wider community

Guidance and Procedures

All staff and associated stakeholders should familiarise themselves with the accompanying document entitled “*PSHE and C Guidance and Procedures*”.

PHSE and C Guidance and Procedures

Jigsaw Content

Jigsaw covers all areas of PSHE for the primary phase, as the table below shows:

Term	Puzzle name	Content
Autumn 1:	Being Me in My World	Includes understanding my place in the class, school and global community as well as devising Learning Charters)
Autumn 2:	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and diversity work
Spring 1:	Dreams and Goals	Includes goal-setting, aspirations, working together to design and organise fund-raising events
Spring 2:	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices
Summer 1:	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills
Summer 2:	Changing Me	Includes Sex and Relationship Education in the context of looking at change

Withdrawal from SRE lessons

Parents/carers have the right to withdraw their children from all or part of the Sex and Relationships Education provided at school except for those parts included in statutory National Curriculum Science. Those parents/carers wishing to exercise this right are invited in to see the head teacher and/or SRE Co-ordinator who will explore any concerns and discuss any impact that withdrawal may have on the child. Once a child has been withdrawn they cannot take part in the SRE programme until the request for withdrawal has been removed. Materials are available to parents/carers who wish to supplement the school SRE programme or who wish to deliver SRE to their children at home.

Sex and Relationships Education (SRE)

Definition of SRE:

‘SRE is lifelong learning process of acquiring information, developing skills and forming positive beliefs and attitudes about sex, sexuality, relationships and feelings’ (Sex Education Forum, 1999).

Effective SRE can make a significant contribution to the development of the personal skills needed by pupils if they are to establish and maintain relationships. It also enables children and young people to make responsible and informed decisions about their health and well-being.

It is important to note that the SRE at our school sits within the school’s values framework and that we consider it vital to do this work in partnership with parents and carers.

We are mindful that parents/carers do have the legal right to withdraw their children from the SRE that is part of the PSHE (Jigsaw) Programme, whilst we hope they do not feel the need to do so.

Jigsaw Content

The grid below shows specific learning intentions for each year group in the ‘Changing Me’ Puzzle . These specific lessons sit within the whole Puzzle (6 lessons) which looks at change and coping with change in lots of contexts, so changes as we grow up and enter puberty are seen as one sort of change that we can all cope with.

Year Group	Piece Number and Name	Learning Intentions ‘Pupils will be able to...’
1	Piece 4 Boys’ and Girls’ Bodies	identify the parts of the body that make boys different to girls and use the correct names for these: penis, testicles, vagina respect my body and understand which parts are private
2	Piece 4 Boys’ and Girls’ Bodies	recognise the physical differences between boys and girls, use the correct names for parts of the body (penis, testicles, vagina) and appreciate that some parts of my body are private tell you what I like/don’t like about being a boy/girl
3	Piece 1 How Babies Grow	understand that in animals and humans lots of changes happen between conception and growing up, and that usually it is the female who has the baby express how I feel when I see babies or baby animals
	Piece 2 Babies	understand how babies grow and develop in the mother’s uterus and understand what a baby needs to live and grow express how I might feel if I had a new baby in my family
	Piece 3 Outside Body Changes	understand that boys’ and girls’ bodies need to change so that when they grow up their bodies can make babies identify how boys’ and girls’ bodies change on the outside during this growing up process recognise how I feel about these changes happening to me and know how to cope with those feelings
	Piece 4 Inside Body Changes	identify how boys’ and girls’ bodies change on the inside during the growing up process and why these changes are necessary so that their bodies can make babies when they grow up recognise how I feel about these changes happening to me and how to cope with these feelings
4	Piece 2 Having A Baby	correctly label the internal and external parts of male and female bodies that are necessary for making a baby understand that having a baby is a personal choice and express how I feel about having children when I am an adult
	Piece 3 Girls and Puberty	describe how a girl’s body changes in order for her to be able to have babies when she is an adult, and that menstruation (having periods) is a natural part of this know that I have strategies to help me cope with the physical and emotional changes I will experience during puberty
5	Piece 2 Puberty for Girls	explain how a girl’s body changes during puberty and understand the importance of looking after myself physically and emotionally understand that puberty is a natural process that happens to everybody and that it will be OK for me

	Piece 3 Puberty for Boys and Girls	describe how boys' and girls' bodies change during puberty express how I feel about the changes that will happen to me during puberty
	Piece 4 Conception	understand that sexual intercourse can lead to conception and that is how babies are usually made understand that sometimes people need IVF to help them have a baby appreciate how amazing it is that human bodies can reproduce in these ways
6	Piece 2 Puberty	explain how girls' and boys' bodies change during puberty and understand the importance of looking after myself physically and emotionally express how I feel about the changes that will happen to me during puberty
	Piece 3 Girl Talk/Boy Talk	ask the questions I need answered about changes during puberty reflect on how I feel about asking the questions and about the answers I receive
	Piece 4 Babies – Conception to Birth	describe how a baby develops from conception through the nine months of pregnancy, and how it is born recognise how I feel when I reflect on the development and birth of a baby
	Piece 5 Attraction	understand how being physically attracted to someone changes the nature of the relationship express how I feel about the growing independence of becoming a teenager and am confident that I can cope with this

Drug and Alcohol Education

Definition of 'Drugs':

This policy uses the definition that a drug is: 'A substance people take to change the way they feel, think or behave' (United Nations Office on Drugs and Crime). The term 'Drugs' includes

- All illegal drugs
- All legal drugs including alcohol, tobacco and volatile substances which can be inhaled
- All over-the-counter and prescription medicines

Effective Drug and Alcohol Education can make a significant contribution to the development of the personal skills needed by pupils as they grow up. It also enables young people to make responsible and informed decisions about their health and well-being.

Jigsaw Content

The grid below shows specific Drug and Alcohol Education learning intentions for each year group in the 'Healthy Me' Puzzle.

Year Group	Piece Number and Name	Learning Intentions 'Pupils will be able to...'
2	Piece 3 Medicine Safety	understand how medicines work in my body and how important it is to use them safely feel positive about caring for my body and keeping it healthy
3	Piece 3 What Do I Know About Drugs?	tell you my knowledge and attitude towards drugs identify how I feel towards drugs
4	Piece 3 Smoking	understand the facts about smoking and its effects on health, and also some of the reasons some people start to smoke can relate to feelings of shame and guilt and know how to act assertively to resist pressure from myself and others
	Piece 4 Alcohol	understand the facts about alcohol and its effects on health, particularly the liver, and also some of the reasons some people drink alcohol can relate to feelings of shame and guilt and know how to act assertively to resist pressure from myself and others
5	Piece 1 Smoking	know the health risks of smoking and can tell you how tobacco affects the lungs, liver and heart make an informed decision about whether or not I choose to smoke and know how to resist pressure
	Piece 2 Alcohol	know some of the risks with misusing alcohol, including anti-social behaviour, and how it affects the liver and heart make an informed decision about whether or not I choose to drink alcohol and know how to resist pressure
6	Piece 2 Drugs	know about different types of drugs and their uses and their effects on the body particularly the liver and heart be motivated to find ways to be happy and cope with life's situations without using drugs
	Piece 3 Alcohol	evaluate when alcohol is being used responsibly, anti-socially or being misused tell you how I feel about using alcohol when I am older and my reasons for this

The School's Response to Drugs Related Incidents

Cases involving substance misuse or supply on the premises are considered to be very serious. In all such cases the Head will discuss the matter with the Chairman of Governors. Permanent exclusion may be considered as an appropriate response though the school will seek to balance the interests of the pupil(s) involved, the other school members and the local community. Parents will be informed in all cases where their child is involved in an incident of substance misuse.

Response to Specific Incidents

- The school has a No-Smoking policy. Incidences of pupils or adults smoking will be reported in the first instance to the Head who will take the required action.
- If any pupil is found under the influence of alcohol on school premises, the parents will be informed immediately and requested to remove the pupil.
- Alcohol, cigarettes or tobacco found on school premises will be confiscated. The parents will be informed and given the opportunity to redeem such items.
- If any pupil is found intoxicated through solvent abuse, urgent medical attention should be sought and the solvent will be confiscated.
- Controlled drugs found on school premises will be confiscated and immediately handed over to the police.
- A member of staff, having good reason for believing that a pupil may be in possession of an illegal substance, may ask that pupil to empty his/her pockets or bag in the presence of another adult. If the pupil refuses the matter should immediately be referred to a senior member of staff who will repeat the request. In the event of another refusal, the parents should be contacted to obtain their permission. As a last resort, and when there is good reason for pursuing this course of action, the police may be called.
- If any pupil or any other person is found supplying or offering to supply a controlled drug the Headmaster must be informed immediately. He will inform the police, the LEA, the Chairman of Governors and the child's parents.
- Any equipment involved in drug misuse found on school premises will be disposed of according to the Health and Safety guidelines. Needles and syringes, which present a considerable health hazard, must be handled with extreme care and stored in a suitable container until collected and disposed of by the correct authorities.

Liaison with the Media

Responsibility for liaison with the media will rest with the Head. Individual governors, if they are approached, might be well advised to refer the press to the Chairman or Vice-Chairman. The County Press Office and the Legal Department may be helpful in providing guidance to ensure that the reporting of incidents remains in the best interests of the young people, their families, and the school. The Quality Manager will be consulted and may be a helpful point of reference.

The School's Stance on Substance Misuse

General Principles

- The school does not condone the misuse of drugs or alcohol by members of the school, nor the illegal supply of these substances.
- The school is committed to the health and safety of all its members.
- The school will seek to educate pupils about the dangers of illegal substances.

The school recognises that it has a duty to inform and educate young people on the consequences of drug use and misuse and will take a proactive stance on the matter believing that such Health Education is a vital element of the Personal and Social Education of every pupil.

Fundamental to our school's values and practice is the principle of sharing the responsibility for education of young people with parents by keeping them informed of any **significant, known** involvement by a pupil with illegal substances. Co-operation and communication between parents, students and school is essential for the effective implementation of this policy.

Whilst it is noted that the number of older children, at secondary school, who misuse substances may be rising, it is important to recognise that the majority of young children do not do so. We need to continue to support the differing changing needs of young people on this issue.

Confidentiality and Child Protection Issues

As a general rule a child's confidentiality is maintained by the teacher or member of staff concerned. If this person believes that the child is at risk or in danger, she/he talks to the named child protection co-ordinator who takes action as laid down in the Child Protection Policy. All staff members are familiar with the policy and know the identity of the member of staff with responsibility for Child Protection issues. The child concerned will be informed that confidentiality is being breached and reasons why. The child will be supported by the teacher throughout the process.

How is Jigsaw PSHE organised in school?

Jigsaw brings together PSHE Education, emotional literacy, social skills and spiritual development in a comprehensive scheme of learning. Teaching strategies are varied and are mindful of preferred learning styles and the need for differentiation. Jigsaw is designed as a whole school approach, with all year groups working on the same theme (Puzzle) at the same time. This enables each Puzzle to start with an introductory assembly, generating a whole school focus for adults and children alike.

There are six Puzzles in Jigsaw that are designed to progress in sequence from September to July. Each Puzzle has six Pieces (lessons) which work towards an 'end product', for example, The School Learning Charter or The Garden of Dreams and Goals.

Each Piece has two Learning Intentions: one is based on specific PSHE learning (covering the non-statutory national framework for PSHE Education but enhanced to address children's needs today); and one is based on emotional literacy and social skills (covering the SEAL learning intentions but also enhanced). The enhancements mean that Jigsaw is relevant to children living in today's world as it helps them understand and be equipped to cope with issues like body image, cyber and homophobic bullying, and internet safety.

Every Piece (lesson) contributes to at least one of these aspects of children's development. This is mapped on each Piece and balanced across each year group.

Differentiation/SEN

Jigsaw is written as a universal core curriculum provision for all children. Inclusivity is part of its philosophy. Teachers will need, as always, to tailor each Piece to meet the needs of the children in their classes. To support this differentiation, many Jigsaw Pieces suggest creative learning activities that allow children to choose the media with which they work and give them scope to work to their full potential. To further help teachers differentiate for children in their classes with special educational needs, each Puzzle includes a P-level grid with suggested activities for children working at each of those levels.

Safeguarding

Teachers need to be aware that sometimes disclosures may be made during these sessions; in which case, safeguarding procedures must be followed immediately. Sometimes it is clear that certain children may need time to talk one-to-one after the circle closes. It is important to allow the time and appropriate staffing for this to happen. If disclosures occur, the school's Safeguarding Policy and procedures are followed.

Assessment

Teachers will be eager to ensure children are making progress with their learning throughout their Jigsaw experience. Therefore, each Puzzle (except Puzzle 1) has a built-in assessment task, usually in Piece 5 or 6. This task is the formal opportunity for teacher assessment, but also offers children the chance to assess their own learning and have a conversation with the teacher about their two opinions. The task can usually be used as evidence in the Jigsaw Journal.

Each Puzzle has a set of three level descriptors for each year group:

Working towards

Working at

Working beyond

It is envisaged that, at the beginning of a Puzzle, children will be given the 'My Jigsaw Learning Record' for that Puzzle, so that it is clear to them what they are aiming to achieve. They stick this into their Jigsaw Journal. After completion of the assessment task, the teacher and the child return to the 'My Jigsaw Learning Record' and the child colours in the attainment descriptor he thinks he has achieved. The teacher does the same and facilitates a conversation with the child about his learning progress for that Puzzle. Do they agree? They both complete the evaluation boxes on the child's learning record, focussing on how progress could be made in the next Puzzle.

Recording and tracking progress

To support the teacher in tracking each child's Jigsaw Learning progress throughout the year, there is an overview sheet for each child: 'My Learning Progress This Year.' This sheet has the three attainment descriptors for each Puzzle (Puzzles 2-6). After each assessment task, the teacher, using a best-fit approach, decides whether the child is working at, towards or beyond and highlights the appropriate descriptor box on that child's overview sheet. There is also space for the teacher's comments. This sheet gives a quick visual representation of where the child is in each Puzzle.

Reporting to Parents/Carers

Each Puzzle's assessment task and attainment descriptors assist the teacher in reporting meaningful learning progress to parents/carers. The descriptors can be used as a starting point when considering what to write on children's reports.

The Attainment Descriptors

Please be aware that these attainment descriptors are specific to Jigsaw and to year groups. They are designed to give guidance when considering each child's learning journey. They are **not** nationally-recognised. There are no national level descriptors for PSHE.

The Jigsaw philosophy is that children are praised and their achievements celebrated in every Piece. It demands a positive relationship between the teacher and the children which, in itself, values and celebrates each individual. Appropriate time is allocated for this process.

Monitoring and evaluation

The PSHE co-ordinator will monitor delivery of the programme through observation and discussion with teaching staff to ensure consistent and coherent curriculum provision.

Evaluation of the programme's effectiveness will be conducted on the basis of:

- Pupil and teacher evaluation of the content and learning processes
- Staff meetings to review and share experience

External contributors

External contributors from the community, e.g. health promotion specialists, school nurses, and community police and fire officers, make a valuable contribution to the Jigsaw PSHE programme. Their input should be carefully planned and monitored so as to fit into and complement the programme.

Teachers **MUST** always be present during these sessions and remain responsible for the delivery of the Jigsaw PSHE programme.

The Learning Environment

Establishing a safe, open and positive learning environment based on trusting relationships between all members of the class, adults and children alike, is vital. To enable this, it is important that 'ground rules' are agreed and owned at the beginning of the year and are reinforced in every Piece – by using The Jigsaw Charter. (Ideally, teachers and children will devise their own Jigsaw Charter at the beginning of the year so that they have ownership of it.) It needs to include the aspects below:

The Jigsaw Charter

- We take turns to speak
- We use kind and positive words
- We listen to each other
- We have the right to pass
- We only use names when giving compliments or when being positive
- We respect each other's privacy (confidentiality)

Teaching Sensitive and Controversial Issues

Sensitive and controversial issues are certain to arise in learning from real-life experience. Teachers need to be prepared to handle personal issues arising from the work, to deal sensitively with, and to follow up appropriately, disclosures made in a group or individual setting. Issues that we address that are likely to be sensitive and controversial because they have a political, social or personal impact or deal with values and beliefs include: family lifestyles and values, physical and medical issues, financial issues, bullying and bereavement. Teachers will take all reasonable, practical steps to ensure that, where political or controversial issues are brought to pupils' attention, they are offered a balanced presentation of opposing views. Teachers will adopt strategies that seek to avoid bias on their part and will teach pupils how to recognise bias and evaluate evidence. Teachers will seek to establish a classroom climate in which all pupils are free from any fear of expressing reasonable points of view that contradict those held either by their class teachers or their peers.

Answering Difficult Questions and Sensitive Issues

Staff members are aware that views around SRE- and Drug and Alcohol Education-related issues are varied. However, while personal views are respected, all SRE and Drug and Alcohol Education issues are taught without bias using Jigsaw. Topics are presented using a variety of views and beliefs so that pupils are able to form their own, informed opinions but also respect the fact that others have the right to a different opinion.

Both formal and informal SRE and Drug and Alcohol Education arising from pupils' questions are answered according to the age and maturity of the pupil(s) concerned. Questions do not have to be answered directly, and can be addressed individually later. The school believes that individual teachers must use their skill and discretion in this area and refer to the Child Protection Officer if they are concerned.

Our school believes that SRE and Drug and Alcohol Education should meet the needs of all pupils, answer appropriate questions and offer support. In Jigsaw Pieces that cover SRE provision, this should be regardless of their developing sexuality and be able to deal honestly and sensitively with sexual orientation, answer appropriate questions and offer support. Homophobic bullying is dealt with strongly yet sensitively. The school liaises with parents/carers on this issue to reassure them of the content and context.

Involving parents and carers

The school believes that it is important to have the support of parents, carers and the wider community for the Jigsaw PSHE programme. Parents and carers may be given the opportunity to find out about and discuss the Jigsaw PSHE programme through possible activities such as:

- * Parent/carer Jigsaw awareness session
- * Parents'/carers' evenings
- * Involvement in policy development (through parent governors)
- * Involvement in curriculum development (through supporting classes when appropriate)
- * Information leaflets/displays

Pupil Consultation

It is useful for pupils to be consulted on their own personal, social and citizenship development. Asking pupils either in individual classes or through the school council what sort of person they would like to be by the time they leave this school; what qualities, skills, attitudes, values are important to them as people?

This could then be developed further by asking pupils how they feel the school could support them with this, what initiatives the school could implement to support this e.g. friendship benches, peer mentoring systems.

Links to other policies and curriculum areas

We recognise the clear link between Jigsaw PSHE and the following policies and staff are aware of the need to refer to these policies when appropriate.

- Science curriculum
- Teaching and Learning Policy
- Equal Opportunities Policy
- Child Protection Policy
- Anti-Bullying Policy
- E-safety policy
- Policy on Adminstrating Medication to Children.

Training and support for staff

All staff benefit from Jigsaw PSHE training in order to enhance their PSHE delivery skills. Opportunities are provided for staff to identify individual training needs on a yearly basis and relevant support is provided.

In addition to this, support for teaching and understanding PSHE issues is incorporated in our staff INSET programme, drawing on staff expertise and/or a range of external agencies.

Dissemination

This policy is available on our school website where it can be accessed by the community. Training is regularly delivered to staff on the policy content. Copies are available from the school office on request from parents/carers.
