

Key Stage One

Medium term thematic plan

Is all wildlife important?

Autumn Term 2019

We are curious...

We will ask questions to find out more.

We care about our wellbeing...

We look after ourselves and others.

We are global citizens...

We will take care of our environment and the creatures living in it.

Is all wildlife important?

As scientists we will...

- Look at the suitability of environments for plants and animals.
- Describe and compare habitats.
- Identify, classify and observe wildlife.
- Look at the basic needs of animals.

As geographers we will...

- Use basic geographical vocabulary.
- Use maps.
- Use fieldwork and observational skills.

Literacy links:

- The Hungry Caterpillar
- Paddington Bear

As designers we will...

- Design purposeful, functional products for wildlife based on design criteria.
- Use a range of tools and equipment to perform practical tasks.
- Evaluate our work.
- Build structures, exploring how they can be made stronger, stiffer and more stable.

As artists we will...

- Use wildlife as the inspiration for artwork.
- Share ideas using drawing and painting.
- Explore a variety of techniques.
