- Writing book reviews.

Maths

- Measuring volume using litres and millilitres.
- Adding and subtracting.

Topic

- Asking questions about pirates.

Science

- Concluding our plant growth investigation.

In other news...

Sports Day

Thank you to those of you who attended our very sunny Sports Day on Wednesday. The children were motivated and positive despite the heat and should be very proud of themselves. They certainly enjoyed their lollies afterwards, which were kindly donated by the P.T.A. A big thank you to our governors James and Mike for helping out.

Curriculum Evening

The KS1 Curriculum Evening took place on Thursday and it was lovely to see so many of you there. We hope that you found the session informative. Please don't hesitate to approach a member of staff if you have any questions following the session.

Golden time swap

Children in Reception and Year 1 visited their new classrooms for golden time on Friday.

Next week we will be...

Year 1 – problem solving in Maths, writing our own version of the treasure hunt story in English and continuing our pirate topic.

Year 2 – learning about position and direction in Maths, telling the time, reading pirate stories and learning about habitats.
