- Exploring cells.
- Using microscopes.

Year 2

We have been...

English

- Reading pirate stories.
- Exploring pirate characters through role play and description.

Maths

- Completing assessments.
- Describing position and direction.

Topic

- Naming the world's oceans.
- Using atlases.

Science

- Identifying different habitats and the animals that live there.

In other news...

Class Swap

On Wednesday morning our pupils visited their new teacher and classrooms.

Year 1 Science

On Wednesday afternoon, Year 1 enjoyed a visit from Mr Endres (Elena's dad) who spoke to them about cells, molecules and atoms. We really enjoyed looking at the different cell types and using the digital microscopes.

Next week we will be...

Year 1 – multiplying and dividing in Maths, describing pirates in English and exploring the key features of coastal locations.

Year 2 – telling the time in Maths, writing about pirates, describing the key features of coastal locations and naming the animals that you find there.
