7th May – Bank holiday

This week's learning

Reception

This week our focus has been 'Under the Sea'. We have sung songs, painted sea creatures, written labels and made flying fish kites! We also performed maypole dances to parents, thank you to all those who attended.

Year 1

This week we have begun our new Big Talk focus of 'The Sea'. We have shared the book 'A House for a Hermit Crab' and will be using this as a stimulus for our writing next week. In Maths we have been using number bonds to find inverse operations (addition and subtraction) and have become Maths Magicians! We have continued our learning about minibeasts in Science.

Year 2

We started reading The Twits this week and thought about how and why Mrs Twit became so ugly over the years. In Maths we have been exploring capacity and have been working hard reading scales. In DT we have been sketching minibeasts and have started designing a new fusion minibeast of our own.

Reminders

Years 1 & 2

- Please send in any 'junk modelling' resources next week as we will be planning, designing and making our own fusion minibeasts.
- **Year 2** – please make sure that any teddies sent in on a Friday are a suitable size! We don't have space for huge teddy bears. Thank you.
- Thank you to all parents who volunteered to help on our trip.

Reception

Nature Walk Dates-Please see classroom window
