## This week’s learning

### Reception

We have continued our dinosaur theme this week and have listened to stories and had a go at writing our own. We have cooked Fathers’ Day cakes. We have also enjoyed a visit from the police car and saw all the things which were inside it, as well as sitting in the car and setting the sirens off!

### Year 1

This week in Maths we have been sorting and recording information in different ways and using this to answer questions. We were very excited to begin learning some joins in handwriting and have been practising our neatest handwriting to produce some special cards. We have also been busily completing our special phonics mission; the children confidently demonstrated their skills and did a great job.

### Year 2

This week we have been reading tongue twisters and writing some of our own. In maths, we have been collecting and analysing data and asking our own questions. We also started a new plant investigation in science.

## Reminders

We do not have time to check every child’s book bag each day.  
Please hand letters or notes directly to the teacher or via the office.

**PE kits must be in school every day – we will take extra opportunities to practise for sports day in the coming weeks.**
