Key dates

Tues 9th Oct – Individual school photographs
Fri 12th Oct – Flu vaccinations
Fri 19th Oct – Break up for half term

This week's learning

Year 1

In Maths this week we have been exploring number and making different quantities with a variety of objects. We have continued working in our RWI groups and have started our new topic 'Animal Magic'. We have designed our very own animal masks!

Year 2

This week we explored Duncan's character in our story and have written letters to the crayons. In Maths we have been ordering and comparing numbers and solving place value problems. We discussed Kandinsky's 'Red, Yellow, Blue' and used this to influence our own piece.

Important information

- **Year 2** – Mathletics will continue to be set weekly. Usernames and passwords can be found in the back of reading records.
- **Parent helpers** – Thank you to those who have already offered your time this year. If anyone is able to come into school and listen to readers please speak to your child's class teacher.
- Shared learning was sent home this week and is due back on **Wednesday 31st October**. Apologies if the date was printed incorrectly in the shared learning books.
