Welcome back! We hope that you all had a fantastic summer break and are ready for the new term ahead. Our new topic is Colour Crazy and we will be learning about our class artist and exploring colour mixing. Thank you to everyone who has handed in their summer challenge homework, the children have really enjoyed sharing it with their classmates.

## This week's learning

### Year 1

This week we have enjoyed exploring the Year 1 classroom and our new KS1 garden. We have written about our summer news and started our Colour Crazy topic by going on a colour hunt. We love Maths in Year 1 and have been learning the 'big number song' this week.

### Year 2

This week we have written our class charter and discussed the golden rules. In Maths we have been exploring Numicon and in English we read Elmer the elephant. We launched straight into our new topic by helping some aliens mix new colours using red, blue and yellow. We also enjoyed exploring the new KS1 garden.

## Important information

- Reading books and new reading records will be given out next week.
- Please ensure PE kits are in school every day and all items are clearly labelled.
- Children in Year 1 and 2 do not need a pencil case.
- Year 1 and Year 2 eat their lunch together and this year both classrooms are **nut and egg free zones** as we have children with severe allergies. We appreciate your co-operation.
