## Dates for your diary

**Tuesday 5<sup>th</sup> November (am)** – Y2 wildlife walk to Pikeshaw Woods. Please speak to Miss Aspindale if you are available to help. Thank you.

**Wednesday 6<sup>th</sup> November (am)** – Y1 wildlife walk to Pikeshaw Woods. Please speak to Miss Penn if you are available to help. Thank you.

**Friday 15<sup>th</sup> November** – Children in Need.

## This week's learning

### Reception

This week we have been comparing length and height (bigger/smaller than; taller/longer/shorter than). We found out that one T-rex foot was the same size as thirty seven small feet, so we decided to print our own feet and arrange them to see just how big a T-rex foot would be. We have continued to sing our bug songs and made hedgehogs out of clay and sticks. Please can the children find out a hedgehog fact, this can be brought in for 'show and tell'.

NB Forest School: Monday 4<sup>th</sup> November...Group 1(list in class window) will need to come into school ready for this activity (boots can be put on after arrival to school). PLEASE can all children wear gloves for this.

### Year 1

This week in year 1 we have been tackling some independent writing activities and showing how fantastic we are becoming at writing in sentences. In maths we have been working with number lines and learning how to subtract. We have completed some beautiful butterfly paintings as part of our wildlife topic. Please check Mathletics for some maths home learning activities. Have a wonderful break 😊

### Year 2

This week we have done all things Paddington! We wrote Paddington at the Palace independently, made and tasted marmalade sandwiches, wrote instructions for how to make marmalade sandwiches and finished the week watching the Paddington film whilst munching on popcorn. In Maths we continued solving multiplication number sentences using groups and arrays and in topic we thought about where we find wildlife.

### Y2 Mathletics tasks set this week:

- Groups of two.
- Groups of five.
- Multiplication arrays.

If you are unsure how to complete an activity – please click on the 'i' logo towards the top right hand side of the screen. This should give you some more information.

## Important information

Please take time to check the contents of your child's PE kit over half term and ensure that everything is labelled. Thank you.

**We wish everyone a relaxing and enjoyable half term break!**
