Dates for your diary

Wednesday 13th November 10.30-11.45am – Y1 wildlife walk to Pikeshaw Woods. Please speak to Miss Penn if you are available to help. Thank you.

Friday 15th November – Children in Need.

Friday 15th November – PTA family disco.

This week's learning

Reception

This week we have based our learning around fireworks and space. We have talked about firework safety and made a class space rocket to use for role play. We have listened to Handel's Royal fireworks music, danced to music called 'painting a picture' where we pretended to be an artist making a firework splash painting. We also enjoyed exploring different ways of making firework art with different media.

NB Forest School: Monday 11th November...Group 2(list in class window) will need to come into school ready for this activity (boots can be put on after arrival to school). PLEASE can all children wear gloves for this activity

Year 1

In maths this week we have begun learning about place value using two digit numbers. In English we have enjoyed describing and writing about fireworks, using our senses to help us. Next week we will be starting our new RWI groups. We celebrated Friendship Friday with Elmer today and talked about all the ways that we could show how friendly we are. We are looking forward to our wildlife walk to Pikeshaw Woods next Wednesday (postponed due to unexpected timetable changes). Please check in to Mathletics to see what new challenges have been set and enjoy continuing your journey through Reading Eggs.

Year 2

We enjoyed a walk in Pikeshaw Woods on Tuesday and found lots of minibeasts - please see the website homepage for photographs! This led us to thinking about different kinds of habitats in science. In maths we have been adding numbers using a hundred square and revising our number bonds to 10 and 20. In English we have been reading and following instructions and will learn about writing instructions next week. If you have any examples of instructions at home it will be useful for us to have a look at them.

Y2 - New spelling lists have been sent home.

Y2 Mathletics tasks set this week:

- Are you ready?
- 1 more, 2 less.
- All about twenty.

If you are unsure how to complete an activity – please click on the 'i' logo towards the top right hand side of the screen. This should give you some more information.

Thank you to parents who have donated sponge balls to the school!
