

## **Foundation Stage Weekly**

### **News**

**Week Ending:      Friday 30<sup>th</sup> September**

The children have all settled in very well and are starting to follow the class routines. Please help your child to become as independent as possible, for example, by encouraging them to dress themselves, open snack and water bottles as well as how to recognise belongings. They also need to be able to put coats and shoes on. Early nights are also important as the school day can be very tiring for them.

**This week we have been.....**

- Listening to the story of 'The Rainbow Fish' and talking about how we can share things and treat our friends kindly
- Painting rainbow fish to display in our cloakroom, giving each other one shiny scale  
Taking turns during games and while playing with toys
- Singing songs about rainbows
- Singing alphabet songs and saying the sounds the letters make
- Learning the sounds MASD
- Singing counting songs using numbers to 10
- We have all now made rainbow biscuits during our cooking sessions

#### **Reminders**

- Remember to hand in reading books on correct days-there is a chart on the noticeboard and another in the book box. Please help your child to put these in before the bell goes
- When children know their sounds/words in red booklet, please hand in for changing with their reading book
- Anything to hand in, please give these to Mrs Whitehall at the door as we do not have time to check inside book bags, thank you
- Please remember that all children need coats and boots in school each day
- Home challenge-Make a 'sound collage' (cut out pictures using the weekly letter sounds) and this can be brought in to show the class
