

Pupil Opportunities at Long Lane Primary School

In addition to high quality teaching and learning opportunities, At Long Lane Primary school we aim to enrich every pupil's experience so that they can be the best they can be. We promise that each child, in addition to the statutory curriculum opportunities, will be given additional opportunities and gain knowledge that children need to be educated citizens and prepare them for their future success. (Cultural capital development). Our vision states that 'No Learner is left behind' and that we want to instil a 'Love of Learning'. Through the opportunities provided in each year group we ensure to live out our vision.

EYFS	KS1	Lower KS2	Upper KS2
Take part in a production	Have a chance to share their views through the school council	Have a chance to share their views through the school council	Have a chance to share their views through the school council
Visit a theatre to watch a performance	Take part in inter-house competitions	Take part in inter-house competitions	Take part in inter-house competitions

Our playground is zoned into active areas for all children to explore through team building, problem solving, creative thinking and building resilience. We are really proud of our unique outdoor opportunities that allow child initiated learning to continue right through to y6 and ensure that children are learning in

every part of their day. We have a GoKart track, den building, loose parts, forest school play area, nature centre, reading and writing sheds, as well as lots of sporting activities. Our y6 leaders lead clubs for younger children in the school at lunchtimes such as 'karaoke club', 'stone painting club' and many more. Our rainforest room is a well being centre for pupils who wish to have a quieter lunchtime and is open for all year groups and run by our wellbeing ambassadors. All children mix together from all our age groups and this has amazing opportunities for developing citizenship and nurturing relationships for every age group.

Playground Zones

Equipment must be used within the zone and returned to the correct place.

1. Go-Kart Race Track
2. Large construction
3. Games and puzzles
